# Backflow Prevention Testing Company Registration Form

**Colorado Springs Utilities**
*It's how we're all connected*

**Instructions**:  Please use this form to register your company and to add or remove personnel from your roster.  Each tester is required to submit a Backflow Prevention Assembly Tester Registration Form and a copy of their current certification.  Please designate at least one Registered User who will enter test results through our Online Test Tracking & Reporting (OTTR) system.  A Registered User does not have to be a certified tester.  Registered User(s) of a company will have access to modify registration information and to historical testing data for that company.

**Company Name** (35 character maximum)

| Address | | Password | |
| City | | State | Zip |
